Toddlers in Transit (20-30 months)

(English & Putonghua)

We understand that all children develop at their own pace when it comes to separation from caregivers for the purpose of schooling. To help children and caregivers through this transitional period with as few bumps as possible, we provide Toddlers in Transit - A program for our Reggio Buds Playgroup buddies who can benefit from a slightly more challenging curriculum, while still enjoying the supportive comforts from their caregivers. With slightly increased school days and hours, caregivers and children will find the separation at a more comforting pace.

Age: 20-30 months
(Children attend with a caregiver)

Ratio: 14 children with 2 teachers

Language: English and Putonghua

Learning opportunities include:

- Receptive and expressive language development in English & Putonghua
- Large group gatherings for songs and rhymes
- Music, movement and instrument play
- Sensory experiences through process art and activities
- Language and literacy learning thorough D.E.A.R. Time (Drop Everything And Read)
- Fine motor training
- Balance and coordination exercises
- Exploration of gross motor activities and play structure
