

# Toddlers in Transit (20-30 months)

(English & Putonghua)

We understand that all children develop at their own pace when it comes to separation from caregivers for the purpose of schooling. To help children and caregivers through this transitional period with as few bumps as possible, we provide Toddlers in Transit - A program for our Reggio Buds Playgroup buddies who can benefit from a slightly more challenging curriculum, while still enjoying the supportive comforts from their caregivers. With slightly increased school days and hours, caregivers and children will find the separation at a more comforting pace.

**Age: 20-30 months**  
**(Children attend with a caregiver)**

**Ratio: 14 children with 2 teachers**

**Language: English and Putonghua**

Learning opportunities include:

- Receptive and expressive language development in English & Putonghua
