

STEAM

SUMMER CAMP

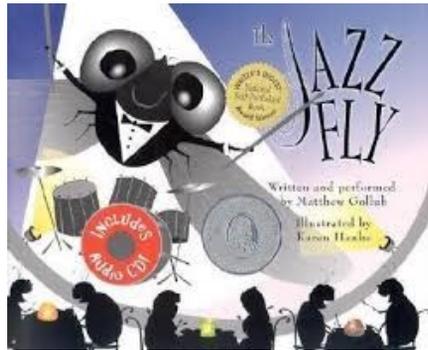

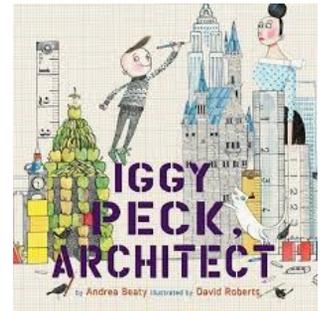

2019

Program Highlights

- Reggio Emilia inspired experiences to encourage the *hundred languages of children* - the different ways of learning and self-expression
- Bilingual environment with **English and Mandarin** educators
- Low camper to teacher ratio (**Pre-nursery 1:7; Preschool 1:9**)
- Flexible summer schedules with **weekly sign-up options**
- Self-directed and collaborative group learning to encourage *creativity, self-confidence and positive social relationships*

This year at Blooming Buds, we are using our love of books as a launchpad for young tinkerers and imagineers (creative engineers) to explore the concepts of **Science, Technology, Engineering, Art, and Math**. We offer a loving and supportive community that brings books to life through open-ended activities. Our Summer Camp aims to help young children develop critical thinking, logic and problem solving skills needed for day to day experiences.

In encouraging the hundred languages of children, we are excited to announce that this is the **FIRST** year we are offering **Hundred Languages Day** during camp. Our Hundred Languages Day is a very special component of our regular academic year curriculum where a variety of professionals are invited to Blooming Buds to share their area of expertise and to provide our children with enrichment activities.

Language	Time	Age	Fee
Bilingual (English & Mandarin)	9am – 12pm	2 – 3 or 3 – 6	\$2800 / week \$2240 for Week 1
