

# Preschool Class (Age 3-6)

(English & Mandarin)

*Start the First Step of School in a Happy Nurturing Environment!*

The multi-age Preschool Class at Blooming Buds is composed of children from two year and eight months to five years old. This classroom structure gives each child opportunities to collaborate with others on the basis of skills, abilities, interests, personality, and age. When the age range among a group of children is increased, so is the range of development. As a collaborative learning community, the children begin to appreciate the diversity of talents, skills, and abilities of their classmates. Younger children learn from their older peers, and the older children take on a mentorship role. Our educators work with the same children over a two or three-year period and guide individuals through developmental stages of learning, often much more effectively than a child moving from one teacher to another each year.

**Age: 3-6**
